

## Chainsaw Oil

---

### Mineral oil based chainsaw oil

#### Product Description:

Lubricants Direct Chainsaw Oil is a high viscosity, tacky chainsaw lubricant. Our chainsaw oil has been formulated using high viscosity base oils and special tacky modifiers, which help to reduce wear on all chainsaw blades.

#### Benefits:

- Excellent anti-fling characteristics
- Good oxidation stability
- Good low temperature stability

#### Application:

Lubricants Direct chainsaw oil is suitable in all types of pressure fed chainsaws.

Chainsaw Oil 220 Extra is also available, this product is extra tacky and has even greater antifling properties.

#### Typical test data:

Grade	150	220
Appearance	Amber	Dark Amber
Specific Gravity @ 15.5°C	0.885	0.890
Kinematic Viscosity @ 40°C (cSt)	150	220
Kinematic Viscosity @ 100°C (cSt)	14.8	17.7
Flash Point (°C)	240	290
Pour Point (°C)	-18	-18

In line with our policy of continued improvement, Lubricants Direct reserve the right to change specification and availability without prior notice. This lubricant, used according to our recommendations and for its designed application, does not represent any particular risk.
