

Lawnmower Oil

Mineral based engine oil.

Product Description:

Lawnmower Oil is a premium quality monograde lubricant designed to meet the requirements of a wide range of engines. Based on solvent refined high viscosity index paraffinic oils they hold viscosity change to an absolute minimum as ambient and operating temperatures fluctuate. The additive system used has been formulated to include a detergent inhibitor which imparts the correct balance of sludge control, plus wear resistance and antioxidant properties.

API	CC/SE
CCMC	D1
Military Spec	Mil-L-21048 Mil-L-46152 B

Application:

This product can also be used in certain marine, agricultural and air compressor applications as specified by equipment manufacturers. It can be used in a number of stationary and small capacity petrol engines which require an API SE performance level.

SAE	30
Specific Gravity @ 15.6°C	0.890
Kinematic Viscosity @ 100°C (cSt)	10.54
Flash Point COC (°C)	215
Pour Point (°C)	-28
TBN (mg KOH / g)	5.6
