

Technical Data Sheet

PRODUCT NAME : LITHIUM 0EP

PRODUCT CODE : 0251/0064

A premium quality semi-fluid grease designed for centralised lubrication systems. Suitable for anti-friction and plain bearings subjected to high load conditions. **LITHIUM 0EP** can also be used for gearboxes designed to operate with a semi-fluid slumping grease.

FEATURES

- Excellent extreme pressure and anti-wear performance
- High degree of corrosion protection
- Highly versatile semi-fluid grease for centralised lubrication

METHOD OF APPLICATION

LITHIUM 0EP can be applied manually, or via a centralised lubricating system capable of pumping an NLGI No. 0 grease; consult a qualified centralised lubrication systems engineer before installation. As with all greases used for the first time, check compatibility with the grease applied previously and if necessary purge bearings prior to application. Likewise, as a general rule, take care not to over-lubricate and apply the quantity of grease recommended by the bearing manufacturer.

Properties	Specification	Results
Appearance	-	Smooth grease
Colour	-	Brown
NLGI classification	-	0
Thickener	-	Lithium soap
Base oil	-	Blend mineral oils
Worked penetration	IP50	355-385
Dropping point (°C)	IP132	185
Oil separation (%)	IP121	5 max.
Copper corrosion	IP112	Pass
Resistance to corrosion Emcor (a)	IP 220	0:0
Water washout @ 39°C %	ASTM D1264	N/a
Four Ball Weld Load (kgs)	IP 239	315
Operating temperature range	-	-20°C to +140°C
